Dear Jon,

**On behalf of our board of directors, members and staff thank you for generously supporting the mission of the Rocky Mountain Elk Foundation.** On June 8, 2013, the Rocky Mountain Elk Foundation received your Habitat Partner gift in the amount of \$1,000.00.

Our records indicate your contributions toward the Habitat Partner program, including previous HP gifts, now total \$22,600.00. There are currently more than 2,900 Habitat Partners who assist us in meeting our mission.

In 1984, the Rocky Mountain Elk Foundation was founded to guarantee a future for North America's grandest animal. RMEF's mission of ensuring the future of elk, other wildlife, their habitat and our hunting heritage has never been more important than it is today. Drawing from the best ideas and methods of the scientific and conservation community - and from the best traditions of conservationists and philanthropists - RMEF protects and stewards wildlife habitat in elk country.

Over the past 28 years, RMEF has permanently protected or enhanced more than 6.2 million acres of habitat for elk and other wildlife. In addition, nearly 650,000 acres have been opened or secured for public access. We permanently protect crucial elk winter and summer ranges, migration corridors and calving grounds where habitat and wildlife are threatened. Since healthy habitat is essential, we fund and conduct projects to improve the essential forage, water, and cover to help maintain productive elk herds and habitat. We have completed 8,096 projects in 49 states including hunting heritage and outreach programs.

These successes are only possible because of the vision, heart and hard work of our members and volunteers - and donors like you. You are helping conserve elk country for future generations.

Please retain this letter for your records and thank you again for your support of the Rocky Mountain Elk Foundation. If you have any questions, please feel free to contact me at (800) 225-5355, ext. 449 or [rtripke@rmef.org](mailto:rtripke@rmef.org).

Sincerely,

Rodney J. Triepke  
Chief Operating Officer

THANKS Jon!
