

# WR 2012 STAGE ELEVEN

**10 REVOLVER    10 RIFLE    2+ SHOTGUN**

**START:** POS 1, at the window **inside either fort tower**, rifle loaded with 10 rds in hands (holding with both hands). Two revolvers loaded with 5 rds each, holstered. Open, empty shotgun staged anywhere safely.

**ON SIGNAL:** With rifle engage the targets on the dueling tree and R1 alternating continuously for 10 rds, starting on either. Make rifle safe **vertically**. With shotgun from POS 2 (window) engage S1-S2, **taking shotgun with you**, move to the straw bales (POS 3) and make shotgun safe. With revolvers engage the plate rack and P1 alternating continuously for 10 rds, starting on either.

**Note:** Plate rack targets must go down to count.

Round targets on the dueling tree need only be hit to count (they don't have to spin around).

Reset the dueling tree targets to the same side after each shooter.
